PUBLIC SERVICE COMMISSION OF WISCONSIN

Application of Wisconsin Electric Power Company, as a
Natural Gas Public Utility, for Authority to Construct
Natural Gas Distribution Facilities in the Town of Ixonia,
Jefferson County, Wisconsin

6630-CG-118

**NOTICE OF PROCEEDING, INVESTIGATION,
AND ASSESSMENT OF COSTS**

THIS IS A PROCEEDING to consider the March 29, 2002, application of Wisconsin Electric Power Company (WEPCO) for authority under Wis. Stat. § 196.49 and Wis. Admin. Code § PSC 133.03 to construct natural gas distribution facilities in the town of Ixonia, Jefferson County, Wisconsin.

WEPCO is a public utility, as defined in Wis. Stat. § 196.01(5)(a), engaged in the business of distributing and selling natural gas in areas throughout Wisconsin.

WEPCO proposes to construct a new gate station, including pressure regulation, tie-in valving, telemetry and gas pre-heating and odorization facilities at a custody transfer point with the Guardian Pipeline, LLC (Guardian) metering facilities. The estimated cost of the project is \$1,026,673. The new gate station will allow WEPCO to provide additional supply and transportation options to WEPCO's gas sales and transportation customers in Waukesha, Jefferson, and Dodge counties. The proposed new gate station would be constructed within an existing WEPCO easement where the Guardian Pipeline crosses WEPCO's existing 20-inch, 500 psig natural gas main.

NOTICE IS GIVEN that the Commission considers it necessary, in order to carry out its duties, to investigate all books, accounts, practices, and activities of the applicant. The expenses incurred or to be incurred by the Commission which are reasonably attributable to such an investigation will be assessed against and collected from the applicant in accordance with the provisions of Wis. Stat. § 196.85 and Wis. Admin. Code ch. PSC 5.

This is a Type III action under Wis. Admin. Code § PSC 4.10(3). Since no unusual circumstances have come to the attention of the Commission which indicate that significant environmental consequences are likely, neither an environmental impact statement under Wis. Stat. § 1.11 nor an environmental assessment is required.
